

Merry Christmas from the John & Amber Andersen family!

This year has brought exciting events and new additions to our lives. We bought a house in Provo, Utah early this year and have loved being homeowners. We have received fun church callings that have kept us busy. And most importantly, we welcomed a new baby into our family. Aylee (now two years old) and Johnathan (born July 7) have brought such a dimension into our life. Our little family is growing step by step and we are sure enjoying the experiences that it brings. We are surviving the terrible two's with surprising success (I'm sure its because we are such good parents!). John is busy figuring out how to be the Young Men's President in the ward. Amber is successfully teaching 60 junior primary children to sing with energy, conviction, love, energy, gusto, enthusiasm, and energy as she serves as the Junior Primary Chorister.

The Lord has been very gracious to us. We love him as we love all of you. We are grateful for the Son who made this season the special part of our lives that it is.

May you all have a wonderful Christmas!

With Love,

John, Amber, Aylee, & Johnathan
